### Discoverfest 2011

“Discover fest is our school's club rush. This year we had our new t-shirts ready to be worn and we had our older ones to be put on display. We also had a newly made poster display for our table. Our table this year was in the corner right next to the greek row so we were scared that no one would find us. Lucky for us we had over 120 people sign up over the course of two days and many of them were freshmen who were in Key Club back in high school who actually came looking specifically for our table! This year we also had business cards and we were able to exchange our business cards and fliers with other organizations on campus. Overall we were quite, successful at Discoverfest and it

showed because a lot of people attended our first meeting”  
 - Junie Vuong, MD&E

## Brea Jazz Festival By Cari Tam

“The Jazz Festival was a festival with many talented Jazz performers. Our Circle K group got there around 3:30 and helped set up the information booth, hand out flyers, sell t-shirts and wipe down tables. Afterwards, we had an event social! We went to Sonics to grab something to eat and after spending time sitting around, we decided to go to the new dorms and play Foosball and Air hockey while others watched X-men Origins on the t.v. set up in the lounge area. Even though every part of the volunteering was amazing, my favorite part of the two days spending at the jazz festival had to be the social we spent in the new dorms. Everyone was having fun and enjoying themselves with a little friendly competition. And I got to beat Truong Pham in Foosball.”

## Disneyland Half Marathon

By Samson Du

“The Disney Half Marathon brought many endurance running fanatics (like me!) and walkers alike on a 13.1-mile journey through the Happiest Place on Earth! A highly anticipated event, it was phenomenal that more than 15,000 people participated! As volunteers, we made sure that these enthusiasts received post-race refreshments and encouragement for overcoming such a grueling test of human endurance. Making sure there were enough fruits, bagels and Cliff Bars, especially the Cliff Bars, for everyone was not an easy task! Many runners also showed awesome, genuine appreciation for us for taking time out of our schedules to help with this event. We were able to work with each other and to adapt to many situations. It definitely reminded me of the teamwork and interdependency of O.C. Food Bank, and O.C. Food Bank veterans know how much it rocks! As aforementioned, personally my favorite part was how throughout the entire event, the runners acknowledged our presence, our situations, and our investment and commitment to volunteering out time in offer to improve our communities. With many other service projects, such as parks and beach clean ups, O.C Food Bank, and Book Doctor, we are rarely given the opportunity to receive the gratitude and appreciation from those who benefit from these charitable organizations. It’s a wonderful feeling, knowing that not only do those in charge give there thanks to us, but normal people, the people we truly serve but never get a chance to meet, do as well. Let us never lose sight of that”

Top to bottom:

1. Some of the CSUF CKI members at the post race foods station.
2. Setting up the food station. Bananas, oranges and bagels galore!
3. The early start brought Circle Kers together to watch a beautiful sunrise
4. Runners came in dressed in all sorts of Disney themed costumes.

## Fall Training Conference

It's that time of year again, FTC is back! FTC is a weekend of on-site service projects, fellowship with other Circle K members, and a great chance to enhance your leadership skills by attending several workshops. Other events scheduled to occur at the conference include new member initiation, skits and talent acts, and a club t-shirt fashion show! The conference is known for providing a great bonding experience for new members to get to know Circle K and their club better.

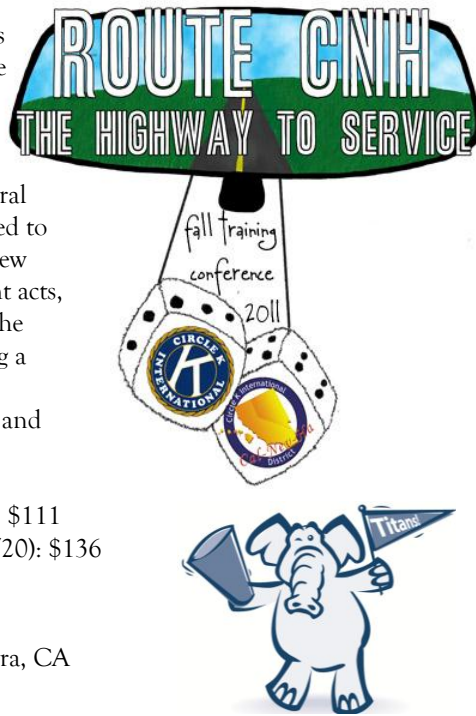

### **Registration Info:**

- Early registration (due 10/6): \$111
- Regular registration (due 10/20): \$136

**When:** November 4-6, 2011

## Scrapbook/Archery Social

Every year Circle K puts together a grand scrapbook to remember the year. This year, CSUF CKI's scrapbook is being put together by the club as a whole under the direction of club historian, Kasey Cole. On Sunday September 18th, Circle K-ers were invited to Kasey's house to work on the scrapbook together. After the work was done, the fun began and members were able to learn how to fight like old time warriors. Circle K-ers learned how to shoot arrows, and throw knives and tomahawks properly, but most of all, safely. Everyone had lots of fun learning how to use these unique weapons.

## CKI South announcement

Crazy Kompetition for Infants South is an Olympic style picnic games between various teams made up of Circle K-ers from the southern California region. The games will be held October 15, 2011 from 8am-2pm in Stanton Park at 1111 Cedar Street, Stanton, CA. Get your game face on, it's time for some serious fun while raising money for the Pediatric Trauma Program and meeting other Circle K-ers in the area during some friendly competition.

## 7-10 Split announcement

CSUF CKI's most anticipated fundraiser is just around the corner. On October 21<sup>st</sup> friends will come together yet again for a night of bowling in the TSU underground.

## Hiking Social

On September 24<sup>th</sup> the brave and daring of CSUF's CKI went on a beautiful hike along the Malibu coast for some intense but rewarding workout filled with breath taking sceneries.

Top to bottom

1. Hikers Brian Nguyen, Alan Ngyuen and An Hoang stop to pose along the trail.
2. Titans fearlessly trekking up the mountain side.
3. Circle K made sure to leave their mark on the trail with this interesting rock design.
